

Intake form for users of the GI's light microscopy ML-I room (HG01.228) for guests

Several light microscopes of the department of general instrumentation (GI) are located in an ML-I room (HG01.228). Before the start of the training/work in this room this form must be completed by the guest-user and their supervisor and handed over to Jelle.

This form is for guests who will work under one-on-one supervision.

As a reminder, hereby the definition of "one on one training" from the BioRisk Prevention office:

One on one training means the activities of an employee/student/intern/guest are actively being watched and supervised by a direct supervisor.
